Subject Commitment to HPV Challenge Program (AR-201)

Mr. Johnson,

Please find attached a scanned letter (.pdf format), also sent by mail, in which Rohm and Haas Company commits to sponsoring 2,4,4-trimethyl-Pentanamine (CAS No. 107-45-9) under the EPA's Policy Regarding Acceptance of New Commitments to the HPV Challenge Program (AR-201). If you have any comments or questions, please contact Dr. Jim McLaughlin by using the information listed.

Regards,

Robert D. Colau

Mr. Stephen L. Johnson, Administrator
US Environmental Protection Agency
P.O. Box 1473
Merrifield, VA 22116
Attn: Chemical Right-to-Know Program

The Rohm and Haas Company agrees to participate in the High Production Volume (HPV) Challenge Program (AR-201), under its Policy Regarding Acceptance of New Commitments, by sponsoring the chemical listed below:

2-Pentanamine, 2,4,4-trimethyl- (CAS No. 107-45-9)

The Rohm and Haas Company intends to submit robust summaries and test plans for this compound by the end of 2006. Any testing required to fill data gaps will be undertaken after the 120-day public review and once comments have been received.

I, James E. McLaughlin, will serve as the Rohm and Haas Company technical contact for this HPV submission. I can be contacted using the information listed below.

Sincerely,

James E. McLaughlin, PhD
